### **Locati Architects**

Position: Architectural Associate / Architect-In-Training

Location: Bozeman, Montana

We are actively seeking architectural graduates to join our team. A qualified candidate for this position will contribute to professionally designed residential and commercial buildings. They should have a desire to join a collaborative team environment, have a history of efficient communication, attention to detail, and hard work to be successful in our firm.

Architectural Associates will eventually complete their licensure and become a Project Architect OR be mentored and guided towards becoming a Project Manager.

### **Requirements:**

- Architectural degree from an accredited college or university
- 2-3 years previous architectural or design internship experience
- Revit / CAD proficiency
- Attention to detail
- Proven history of efficient and effective communication strategies

We offer competitive pay for this position, DOE. Available benefits include free health, dental, and vision insurance for employees, as well as a 401k retirement plan with company match, supplemental insurance, long-term disability, life insurance, PTO, paid holidays, and profit sharing.

Locati Architects invests in the long-term future of employees through continuing education, mentorship, and a collaborative atmosphere. We offer a work culture that encourages growth and promotes longevity.

If you are interested in joining our team, send your resume, portfolio, and cover letter to [careers@locatiarchitects.com](mailto:careers@locatiarchitects.com).
