Locati Architects

Position: Project Architect / Project Manager, 5+ years' experience
Architect-In-Training, 3+ years' experience
Draftsperson, 2+ years' experience

Location: Bozeman, Montana

Locati Architects is looking for the ideal team player. We offer the opportunity to collaborate in a team environment on exceptional projects and with exciting clientele. Locati Architects is a leading regional residential and commercial design firm with projects throughout the US and Canada. Responsibilities are a mix of functional/technical activities, listening, problem-solving, relationship building and creativity.

We are interested in team members who are eager to learn and further develop their architecture career; ambitious to contribute to the collective team effort; have excellent communication skills and are eager to learn and contribute to the companies' success.

Architectural design degree preferred

Revit / CAD proficiency required
