Locati Architects

Position: Commercial Design Architect / Project Architect, 3+ years' experience
Commercial Architect-In-Training

Location: Bozeman, Montana

Locati Architects is looking for the ideal team player. We are expanding our commercial design team and seeking architectural design professionals to add to our team.

We are interested in team members with the following interests:

- Contribute to professionally designed buildings, interiors and master plans
- Desire to learn or familiarity with city entitlement process
- Coordinate and lead consultant teams
- Oversee construction administration

Architectural design degree required.

Revit / CAD proficiency required.

Three years commercial experience preferred; however, we are more interested in an individual who is eager to learn and further develop their architecture career; ambitious to contribute to the collective team effort; excellent communication skills and a team player.

Send cover letter, resume, work examples to: careers@locatiarchitects.com
